Lead by Example

We, at Trident, learned long ago that those who put the needs of others first are the ones who become the true leaders. Following that, Trident has made it their goal to become a leader in delivering online higher education to adult learners

YOUR ACADEMIC JOURNEY BEGINS HERE

Trident University International, established in 1998, serves an adverse, multi-cultural adult learner population. You probably have many questions, not only about us, but also about pursuing your college degree while juggling all the duties and responsibilities you already have in your life. We understand. At Trident we've helped tens of thousands of students begin and successfully complete their educational journey toward an associate, bachelor, master, or doctorate degree. In some cases students earn both their undergraduate and graduate degrees at Trident.

OUR VISION

Trident aspires to be the university of choice for adult learners and recognized as a leader in academic excellence, affordability, and educational advancement

OUR PROMISE

In order to accomplish our mission, we created a proprietary approach built around the unique life-cycle of the adult learner. We are committed to helping our students achieve their educational aspirations by:

- Adhering to the highest academic standards;
- Fostering a learning community where exceptional faculty and staff collaborate to create an environment of compassionate student support;
- Being responsive and understanding to the unique educational needs of the adult learner.

OUR COMMITMENT

Trident is committed to helping students complete their degrees with experienced faculty using proven academic theory to help solve real world problems.

WHY CHOOSE TRIDENT?

Trident is a member of an institutionally accredited university system offering 100% online doctoral programs with no residency requirements. In all our degree programs, you, the adult learner, have the opportunity to complete your degree instructed by real professors, with over 80% of whom are doctorally qualified.

THE TRIDENT DIFFERENCE

Trident's unique, dynamic learning approach, EdActive™ Learning, is designed to help our students prepare for the workplace by enhancing their ability to think, to learn, and to solve problems. At Trident, students are not just memorizing textbooks; they are presented with an issue or question, they do the research, they apply their own experience and then they present their solution. They receive feedback and suggestions and apply those to their next phase. This leads to development of critical thinking and improved problem-solving skills.

Trident treats students like adults: providing the flexibility to fit school into their busy life by sticking to deadlines but working on assignments when they have the time. Specifically, students are required to participate weekly, through discussions, reading, doing research and writing. Assignments are due every two weeks and discussion posts should be done weekly. There are milestone deadlines but there is not any daily micromanagement.

At Trident, we keep our tuition costs as low as possible so that the students receive a quality education at an affordable cost.

VALUE

Trident understands that higher education is an important investment a student can make. Trident offers quality online degrees for adult learners at an affordable cost.

Trident University International

is one of the best kept secrets in

higher education, with over

32,000 alumni.

Trident's purpose

is to take you further than you

thought possible.

Trident is Accredited

Trident University International is a member of the American InterContinental University System. The System is accredited by the Higher Learning Commission (hlcommission.org), an institutional accreditation agency recognized by the U.S. Department of Education.

Accreditation provides educational institutions with an objectively recognized standard of quality to which they must adhere.

Programmatic Accreditation

Accreditation Council for Business Schools and Programs

Select business programs at Trident University International are accredited by the Accreditation Council for Business Schools and Programs (ACBSP). Refer to individual degree program pages to confirm program accreditation.

» **Trident
Strong!**

Trident University International strives to provide an exceptional online educational experience for its students diverse adult learners including current and former members of the military family. Adhering to the highest standards of academic excellence, faculty and staff foster a learning community where student's work to develop critical thinking and problem-solving skills.
